

Out of the Pot!

Autumn/Winter 2018

The Autumn Spring

Albert Camus said that “Autumn is a second Spring when every leaf is a flower” and this feels particularly true at Paint Pots. Every summer sees many of our children moving onwards to new life experiences and it can be difficult to imagine what the nursery will be like without them. This inevitably gives younger generations of Paint Pots children even more opportunities to express their individuality and creativity. It is always a marvel to see how a nursery can be transformed by this new found confidence and in a short period of time it is difficult to imagine that nursery life has ever been any other way. Observing children blossoming in this way is one of the most rewarding aspects of childcare and something we look forward to encouraging during the Autumn and Winter months.

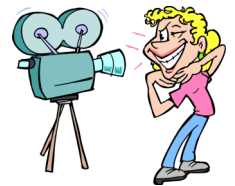

Awards Season

On the 22nd of September, the Nursery World Awards 2018 took place. This prestigious ceremony is held annually in London and Joseph presented an award whilst other members of the senior team attended because Paint Pots was nominated for Nursery Group of the Year. We are proud to announce that as well as having a fun time, we won the award! Everyone is so proud of all the team members who assisted us in achieving this.

A Star Is Born

David took a further foray onto the small screen this September when he was a guest on the Sunday Politics Show South. Opposite a local MP, he argued persuasively for an increase in nursery funding. This latest media appearance follows hot on the heels of his guest spot on the Victoria Derbyshire Show in July discussing Men in Childcare alongside his numerous early morning stints on Radio Solent providing his “Thought for the Day.” All this leaves us asking where will he pop up next?

Our Christmas Charity

New Life Home Trust is a charity that rescues abandoned babies in Kenya, cares for them and provides a new life – back with their birth family; with adoptive parents or in a New Life home for those who need lifelong care, typically children with additional needs or disabilities. Over 1,700 babies’ lives have been changed by the charity since it was established in 1994. David and Anna are both trustees of New Life Home Trust UK CIO <https://newlifehometruster.org.uk> a partner charity which raises funds and awareness in the UK to support the important work in Kenya. David is a regular visitor to Kenya. In 2019, he will be taking a team of Paint Pots staff to visit one of the homes for babies and children with special needs. As part of our fundraising activities, we have produced a Christmas card for the coming season. Cards are available in packs of 10 at a cost of £3.50 All proceeds go directly to support the work in Kenya – less 15% to cover admin costs in the UK. We invite all parents to consider buying some cards if you would like to. It is a good opportunity to talk to your child about other children who are less fortunate than we are.

Improvements We have a rolling programme of maintenance, site development and improvements. In the last few months, works have included -

- New doors and windows at PP10. The whole nursery looks brighter!
- New security camera system
- Lots of redecorating
- New conservatory roof at PP3
- Lots of floors cleaned over the summer

Autumn Activities!

Leaf maze

With all of the leaves cluttering up our gardens at the time of year, you can put them to good use by creating a leaf maze. Children will develop problem-solving and critical-thinking skills as they encounter road-blocks and dead-ends. Staying between the lines helps them develop special sense, and they learn to look and think ahead, and plan their steps as they navigate the maze from start to finish.

If you don't have time to create a maze, letting your children jump and crunch the leaves is just as much fun!

Nature Hunt

This activity is a great one for teaching young children to follow instructions and to encourage their listening skills, as well as having fun with parents and siblings. Create cards with simple instructions e.g. "walk to the garden and find a blue bucket, what is under the blue bucket?"

- Under the blue bucket will be an item and the next clue.
- The children can then use the bucket and collect all of the clues from around the garden, collecting all different types of objects from flowers, coloured leaves, stones, hidden treasures you place around the garden.
- Let the children know how many objects they need to find so they can count them as they go along.

This is a great game that can be played in your garden, inside your house, in the forest or even on a shopping trip!

Autumn updates

Welcome to the Autumn newsletter hello to all our new families that have joined us this term.

We would like to say hello to Paris and Toni who have joined us from our West end nursery and will be based in pre-school. Ace has returned from leave she is based in Older Toddlers. Dayna is our new apprentice and is based in baby room

We say goodbye to Chloe who has now completed her apprenticeship and has gone on to a new full-time role Paint pots West end we wish her the best for the future.

We would like a parent to volunteer as our Parent rep. please speak to Reagan for more information.

Reminders: Please make sure you are keeping to your session times if you arrive before your session starts you will be asked to stay and if you arrive late you will be asked to sign the late register.

Babies:

Welcome to all our new families, please let us know if there is anything we can do to help you.

We have been getting messy and exploring lots of different textures. We have been playing with oats, ice and even chocolate which smelt lovely. Exploring new textures helps us gain control over our body and develop new movements.

Enjoying body painting.

Older Toddlers

We have had our snails for a while and decided they needed a bath, using the tablets we looked at how to do it then gave it a go ourselves. We now have lovely shiny snails. Looking after the snails helps us to feel mature and that we can carry out small tasks for ourselves.

Cleaning the snails

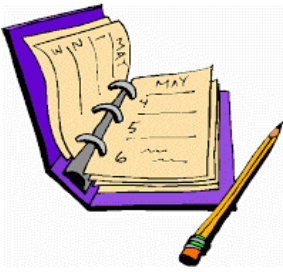

Pre-school

If your child is due to go to school next year you should have received a letter about applying for a school place if you haven't please speak to Reagan.

We have been tidying up the garden and enjoying the good weather while it lasts. We have also stopped some apples and pears on our fruit trees. When we watch plants grow we learn to notice and comment changes over time.

Digging up the weeds

Dates for your Diary.....

Parent's evening October- Each room will have their own dates which will be shared on Tapestry book in with your child's key person

Friday 23rd November child takeover day Pre-school and Older toddlers will be able to choose what they want to do and eat.

Pre-school Nativity Thursday 14th December 3-4pm
